

When Using Joe & Gail Barrila Your Home Will Appear on The Following Websites

Statistics Show over 90% of Home Buyers Start Their Search for a Home on the Web

When Somebody Turns On A Computer and Searches For A Home Yours Will Be Seen!

That is why we emphasize on pictures and virtual tours. The Internet is the single most important marketing tool in our minds. That is why we emphasize pictures and virtual tours. Buyers will look at the pictures and virtual tours before anything else. We make sure your home looks great and the buyers will grow interested and read the description and then make contact with us or their Realtor to set up a showing.

RE/MAX.COM

Millions of Buyers and Sellers Visit Remax.com. Simple As That! RE/MAX is the number 1 searched website of all Real Estate Companies.

REALTOR.COM

(Joe & Gail Barrila Subscribe to the Enhanced Listing Product With Realtor.com to Ensure Maximum Exposure of Your Home on This Site)

Realtor.com is the official website of the National Association of REALTORS® (NAR), this is the world's largest real estate database of homes for sale and receives nearly 6 million unique visitors each month.

PHILLY.COM

The premier website for the Greater Philadelphia metropolitan region, Philly.com posts residential listing information for TREND's MLS Coverage Area. It receives more than 31 million page views each month.

PHILLYBURBS.COM

This website posts residential listing information for Burlington and Mercer counties, NJ and Bucks and part of Montgomery counties.

Google Maps for Real Estate (formerly Google Base) makes your listing searchable on Google. Your listings will be displayed on a map, allowing consumers to hover over listings to get the basics, and click to see more details. The search results include photos, street view, aerial views, nearby businesses, schools and more. By displaying your listing information to Google -- quickly, easily and for free -- you can ensure that the right potential buyers will be able to find your properties, right when they're most actively looking for them.

Sell Your Home with the Help of Yahoo! Real Estate. By displaying your property listings on Yahoo! nationwide you reach the Internet's largest classified audience. Users of Yahoo! Real Estate Classifieds number in the millions. In addition to surfing more than 3 million properties for sale or for rent, consumers can also view maps with homes for sale, schools, parks and more.

Zillow is one of the largest real estate Web sites, with more than 4.5 million monthly visitors. 70% of Zillow users are actively buying or selling a home, or plan to within the next 1-2 years. 87% of Zillow's customers are likely to recommend Zillow to someone they know. Consumers consider Zillow one of the most useful sites during the home buying process.

Trulia is a residential real estate search engine that helps consumers search for homes for sale, trends, neighborhood insights and other real estate information directly from hundreds of thousands of real estate broker Web sites.

HomeFinder.com provides agents and brokers with unmatched listing exposure on one of the most trusted sources for local real estate - your newspaper's online real estate section. HomeFinder.com has combined the strength and impact of a nationally branded site, with our network of 138 online newspaper real estate sites nationwide.

Homes.com, is one of the top 20 most visited Web sites in the real estate industry. A division of Dominion Enterprises, Homes.com is a leading provider of real estate marketing and media services.

HotPads.com is the Internet's premier housing search engine, offering one stop shopping for all types of housing, including rentals, for-sale listings, foreclosures, sublets, roommate requests and corporate housing.

RealtyTrac is the nation's leading online database of foreclosure properties, with more than 1.5 million default, auction and bank-owned listings from over 2,200 counties nationwide.

AOL Real Estate is a resource for homebuyers and renters of all demographics and offers consumers the necessary tools and resources to make a smart investment.

At Vast.com, our mission is to build the world's widest, deepest, freshest and cleanest database of classified ads.

MyREALTY.com helps agents and real estate related businesses connect with consumers who are ready to interact.

enormo

Enormo is one of the largest international real estate search engines for home-seekers from all over the world. Enormo is growing fast - it now gives brokers and real estate agents access to more than 1.8 million potential buyers and tenants every month!

Overstock.com Real Estate is a national real estate search engine, focused on helping people identify great deals on real estate. Listing property on the site provides access to 15 million unique visitors per month.

The nation's largest independent property search engine. With over 3.2 million real estate listings, PropertyPursuit.com serves as a customer-friendly search engine to find most real estate listings across the nation.

Relocation.com is one of the largest online marketplaces connecting consumers who are moving locally, nationally or internationally with professionals that can best service their needs.

Since November 1999 USHUD.com and its network of sites has grown to become one of the largest online resources of foreclosure Real Estate property in North America. More than a half million consumers access their foreclosure listing information per month, free of charge.

[HomeGain](#) is a leading provider of online marketing programs that connect real estate agents and brokers with homebuyers and sellers.

Of Course on our sites too!
